Faculties

I Faculty of Arts and Humanities
 Department of English and American Studies, Department of Educational Science, Department of Protestant Theology, Department of German Studies and Comparative Literary Studies, History Department, Department of Social and Human Sciences, Department of Catholic Theology, Department of Art, Music, Textiles, Department of Media Studies, Department of Romance Languages

II Faculty of Business Administration and Economics
 Department 1: Management, Department 2: Taxation, Accounting and Finance
 Department 3: Business Information Systems, Department 4: Economics,
 Department 5: Business and Human Resource Education, Department 6: Law

III Faculty of Science
 Department of Physics, Department of Chemistry, Department of Sports and Health

IV Faculty of Mechanical Engineering
 Sixteen professorships, four interdisciplinary research facilities

V Faculty of Computer Science, Electrical Engineering and Mathematics
 Department of Electrical Engineering and Information Technology, Department of Computer Science, Department of Mathematics

Paderborn in Profile

The University in 2011

President
Prof. Dr. Nikolaus Risch

Chief Administrative Officer
Jürgen Plato

Vice-President for Strategy, Finance and International Relations
Prof. Dr. Bernd Frick

Vice-President for Academic Affairs and Quality Management
Prof. Dr. Dorothee M. Meister

Vice-President for Research and Young Academics
Prof. Dr. Wilhelm Schäfer

Imprint

Published by: University of Paderborn
 The President Prof. Dr. Nikolaus Risch

Editorial Responsibility: Chief Editor: Tibor Werner Szolnoki, Press Officer

Statistics: University Administration

Layout: PADA Werbeagentur, Paderborn

6th English Edition: 2,000. Copy Deadline: September 2011

59 Degree Programmes

- Bachelor's
- Master's
- State examination (teaching profession)

plus other programmes, such as extension, continuing and doctoral studies.

Research

Central Research Facilities

- Centre for Optoelectronics and Photonics Paderborn (CeOPP)
- Heinz Nixdorf Institute (HNI)
- Institute for Polymer Materials and Processes (PMP)
- Musicology Seminar Detmold/Paderborn
- Paderborn Institute for Advanced Studies in Computer Science and Engineering (PACE)
- Paderborn Institute for Scientific Computation (PaSCo)
- Paderborn Centre for Parallel Computing (PC²)
- Paderborn Centre for Educational Research and Teacher Training (PLAZ)

DFG Collaborative Research Centres

- Process-Integrated Manufacturing of Functionally-Graded Structures Based on Coupled Thermomechanical Phenomena (SFB/TRR 30)
- Self-Optimising Systems in Mechanical Engineering (SFB 614)

DFG Research Units

- Dynamics of Electron Transfer Processes at Transition Metal Centres in Biological and Bioinorganic Systems
- Mechanical Properties and Interfaces of Ultra Fine Grained Materials

DFG and Other Research Training Groups and Graduate Schools

- Automatism - Emerging Structures outside planned Processes in Information Technology, Media, and Culture
- History of Monasteries, Convents and the World of the Middle Ages (Paderborn College of Mediaeval Studies)
- Geometry and Analysis of Symmetries
- International Graduate School of Dynamic Intelligent Systems
- Micro- and Nanostructures in Optoelectronics and Photonics
- Business Education Graduate School "Individual Promotion: "Competence Development and Diagnosis in Vocational Education and Training"

Fraunhofer

- Fraunhofer-Project Group Design for Mechatronic Systems at the Fraunhofer Institute for Production Technology (IPT)
- Paderborn Department of Advanced System Engineering (ASE) at the Fraunhofer Institute for Electronic Nano Systems (ENAS)

Technology and Knowledge Transfer

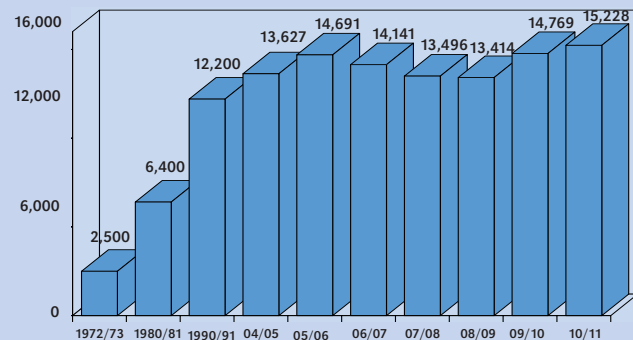

- C-LAB – Cooperative Computing & Communication Laboratory – The Innovations Workshop in Public Private Partnership between Siemens and University of Paderborn
- DMRC – Direct Manufacturing Research Center – Consortium of Boeing, EOS Electro Optical Systems, Evonik Industries, JetAviation, MCP HEK Tooling, Siemens, Stratasys, Stükerjürgen and the University of Paderborn
- KET Centre of Competence in Energy Technology
- Lightweight Engineering with High Performance Materials
- L-LAB – Research Centre for Lighting Engineering and Mechatronics. Public Private Partnership between Hella KG Hueck & Co and University of Paderborn
- s-lab – Software Quality Lab – Centre of Excellence for Software Quality at the University of Paderborn in Cooperation with Capgemini, dSPACE, Hella, HJB Consulting, ORGA Systems, Safran Morpho, S&N, UNITY and Wincor Nixdorf
- The Zukunftsmeile Fürstenallee

Interdisciplinary Research Institutes and Groups

- Cultural Studies Project Group: "Dialogicity of Knowledge"
- Centre for Gender Studies in Teaching and Research (ZG)
- Centre for Comparative Theology and Cultural Studies (ZeKK)
