In the faculty of Electrical Engineering, Computer Science and Mathematics, the Department of Computer Science offers a position as

**Research Assistant**
*(the Salary is according to TV-L 13)*

This is a full-time position, which is to be filled as soon as possible. We will welcome doctoral students and postdocs. The position is limited to the duration of the qualification procedure in the field of Data Science, depending on the previous qualification, for a period of usually 3 years to fill (according to WissZeitVG).

**Your duties and responsibilities:**
- Support the research on scalable machine learning approaches for the Semantic Web
- Support writing of proposals and execution of research projects
- Take part in teaching at the chair of Data Science (approx. 4h/week)

In return, we provide a relaxed and inspiring working atmosphere allowing you to address interesting and challenging research problems.

**Your profile:**
- M.Sc., PhD or higher degree in computer science or in a related area
- Successful demonstration of prior achievements in machine learning (publications, open source projects etc.)
- Prior experience in writing and executing research proposals or managing open source projects is an advantage

Applications from women are particularly welcome and, in case of equal qualifications and experiences, will receive preferential treatment according to the North Rhine-Westphalian Equal Opportunities Act (LGG), unless there are preponderant reasons to give preference to another applicant. Part-time employment is, in principle, possible. Applications from disabled people with appropriate suitability are explicitly welcome. This also applies to people with equal opportunities in accordance with the German social law SGB IX.

Interested applicants should send a letter of motivation, a curriculum vitae, scanned transcripts and diplomas. Please send your documents to Prof. Dr. Axel Ngonga <mone@upb.de> using the reference number 2964.
