Erasmus+ Blended Intensive Programme

Culture and English Language in Ireland

International Staff Training Week

Mary Immaculate College invites our Erasmus+ Partners to nominate staff members for a Blended Intensive Programme.

Limerick, founded by the Vikings in 922AD on the River Shannon, is one of Ireland's oldest cities. Its rich cultural and literary history, along with the experiences of bilingualism in Ireland, will form a backdrop to our international staff training week focused on English language and literature, second language acquisition and Irish culture with training sessions delivered by MIC Department of English Language & Literature, MIC Department of Language & Literacy Education and invited guests from our partner universities.

As part of the week we will visit one of our local picturesque towns.

Deadline: please submit the nominations to marta.slawinska@mic.ul.ie by **Friday, 18th April 2025**.

FOCUS

- Teaching English as a Foreign Language
- English language literature in Ireland
- Innovative language teaching methods
- Introduction to Irish language & culture
