The European University Initiative

Objectives of the European Universities Initiative

⇒ Boost the excellence dimension of higher education, research and innovation, while promoting gender equality, inclusiveness, and equity, allowing for seamless and ambitious transnational cooperation between higher education institutions in Europe, and inspiring the transformation of higher education

⇒ Promote European values and identity

⇒ Tackle the big issues facing Europe (such as climate protection, democracy, health, big data, migration)

(Long-term) Expectations: European Universities…

• are based upon a co-envisioned long-term strategy focused on sustainability, excellence and European values

• offer student-centred curricula jointly delivered across inter-university campuses, where diverse student bodies can build their own programmes and experience mobility at all levels of study

• adopt a challenge-based approach according to which students, academics and external partners can cooperate in inter-disciplinary teams to tackle the biggest issues facing Europe today
Objectives of the Alliance

- We strengthen and enhance the level of engagement with key stakeholders to foster societal engagement of students and staff.
- We strengthen entrepreneurial key competences of students and staff by working with stakeholders on real challenges.
- We design innovative pedagogical models to develop forward-looking skills and competences, making best use of digital technologies, blended learning and place-based learning.
