

Interactive Campaign • 1 April 2026 • Main Campus

125 "Wissenshasen" Wanted

What Is It About?

To spark some early anticipation for our first **Long Night of Science** (LNdW), and in keeping with our motto "Wissen, wie der Hase läuft", we will be hiding 125 colorful "Wissenshasen" across the campus (see photo).

Why Take Part?

We will be presenting the submitted photos in a small exhibition in the UPB foyer. The best idea will be selected to feature in the LNdW campaign. (Terms & conditions: see QR code)

Found a "Wissenshase"?

Take it with you, capture a photo of your new roommate, and mail your picture or your idea to the Central Event Management (Unit 2.4) by **25 April 2026**.
