</thead>
<tbody>
<tr>
<td></td>
<td>at least 2,7 but worse than 2,3*</td>
<td>at least 3,0 but worse than 2,7*</td>
</tr>
</tbody>
</table>

1) **Equivalence**

80 ECTS Economics and Business Administration

- of which 20 ECTS Economics
- 40 ECTS Quantitative Methods incl. Business Informatics
- of which 10 ECTS Mathematics + 10 ECTS Statistics
- 10 ECTS Bachelor’s Thesis

2) **Compensation (I)**

Thesis of the previous degree in the fields of Economics/Quantitative Methods

- or

- a further 5 ECTS (and hence a total of 45 ECTS) and therefore an in-depth specialisation in the fields of Economics/Quantitative Methods

3) **Compensation (II)**

Thesis of the previous degree in the fields of Economics/Quantitative Methods

- or

- a further 10 ECTS (and hence a total of 50 ECTS) and therefore an in-depth specialisation in the fields of Economics/Quantitative Methods

*based on a system of grades from 1 (= best) to 6 (= worst)

- : Examination of criteria is not required

✓: Criteria must be fulfilled
