

Paderborn University is a high-performance and internationally oriented university with approximately 20,000 students. Within interdisciplinary teams, we undertake forward-looking research, design innovative teaching concepts and actively transfer knowledge into society. As an important research and cooperation partner, the university also shapes regional development strategies. We offer our more than 2,600 employees in research, teaching, technology and administration a lively, family-friendly, equal opportunity environment, a lean management structure and diverse opportunities.

Join us to invent the future!

The **Chair of Managerial Economics** at the University of Paderborn, **Department of Management** is looking for a

Doctoral Student (f/m/d)

(part time 50%, Salary level 13 TV-L)

starting 1st of April 2023 or at the earliest possible date thereafter. This is a qualification position within the meaning of the Wissenschaftszeitvertragsgesetz (WissZeitVG), which serves to promote a doctoral degree in the field of Behavioural Economics. The position is limited to the duration of the qualification procedure of the doctoral degree in Behavioural Economics, depending on the qualification achieved to date, but generally for a period of 3 years. An extension for the completion of the doctoral degree is possible within the time limits of the WissZeitVG.

Your responsibilities:

- teaching duty in German and English equivalent to one 2-hour course per term
- supporting the development of new teaching concepts
- independently acquiring expertise in using innovative methods (e.g. online or laboratory experiments) in both teaching and research
- development and carrying out of both, individual and joint research projects
- Contributing to the decisions of the chair and their implementation

Your profile:

- holding a/a successfully completed masters' degree in economics with very good grades
- very good methodological knowledge in applied microeconomics and experimental economics
- interested in behavioural questions and intensive exchange
- a very strong command of both oral and written German (at least B2 level) and English
- strong teamworking skills and ability to work independently
- skilled in use of standard computer programs

We offer:

- individual advice on your doctoral thesis project
- opportunities for exchanging research-related ideas with researchers on different levels (doctoral courses, seminars, international conferences)
- methodological knowledge in experimental economics and applied microeconomics
- access to an experimental laboratory (www.baer-lab.org)
- an opportunity to acquire additional skills in didactics or other competencies (e.g. by participating in university-wide didactics workshops or the mentoring for female doctoral students)
- a workplace certified for its employee health program that we actively participate in
- a very friendly team where decisions are made together

Applications from women are particularly welcome and, in case of equal qualifications and experience, will receive preferential treatment according to state law (LGG). Qualified disabled people (in the sense of the German social law SGB IX) are also encouraged to apply.

Applications should include the usual documents and ideally one reference letter. Please send your application (as a single PDF) via e-mail (ManEc@mail.uni-paderborn.de) **by 2nd of April 2023**, indicating the **reference number 5630**. Job Interviews are expected to be scheduled between the 13th and 14th of April 2023.

Information regarding the processing of your personal data can be located at: <https://www.uni-paderborn.de/en/zv/personaldatenschutz>
