

Paderborn University is a high-performance and internationally oriented university with approximately 20,000 students. Within interdisciplinary teams, we undertake forward-looking research, design innovative teaching concepts and actively transfer knowledge into society. As an important research and cooperation partner, the university also shapes regional development strategies. We offer our more than 2,600 employees in research, teaching, technology and administration a lively, family-friendly, equal opportunity environment, a lean management structure and diverse opportunities.

Join us to invent the future!

The faculty of Arts and Humanities offers positions for

2 Postdoctoral researchers (f/m/d)

(the salary is according to 13 TV-L)

available from July 1st, 2023, limited for 2,5 years. The full-time positions are part of the project B06 "*Ethics and Normativity of explainable AI*" within the Transregional Collaborative Research Center 318 "Constructing Explainability" of the Universities Paderborn and Bielefeld. Within this collaboration, scientific work will focus on the development of co-constructing explainable AI-systems.

The project inquires into the normativity of explanation – when is it desired, warranted, needed? It will consider the inherent norms of digital technology, particularly artificial intelligence, as well as the norms of social practices

Responsibilities

- scientific work in the project B06 in close collaboration between philosophy and media studies;
- publications and presentations of the project results;
- participation in activities of the Integrated Research Training Group;
- networking within the Transregional Collaborative Research Center;
- interdisciplinary communication and cooperation.

Essential Qualifications:

- PhD or advanced dissertation project in philosophy, media studies, or a related discipline
- Knowledge in ethics of technology and normative theories **or** knowledge in software studies, critical algorithm studies, STS, or similar areas
- very good English skills (The working language of the Transregional Collaborative Research Center is English, although you will be part of largely German speaking departments)

Additional Qualifications:

- Knowledge in computer science, or programming

Applications from women are particularly welcome and, in case of equal qualifications and experiences, will receive preferential treatment according to the North Rhine-Westphalian Equal Opportunities Act (LGG), unless there are preponderant reasons to give preference to another applicant. Part-time employment is, in principle, possible. Applications from disabled people with appropriate suitability are explicitly welcome. This also applies to people with equal opportunities in accordance with the German social law SGB IX.

Please send your application, including cover letter, your CV, certificates, and **one** sample of your work via email (**reference 5811**) to cornelia.meinders.pongratz@uni-paderborn.de. The deadline for applications is **31 March 2023**.
